

As....**Operations Director**

I want....increased productivity

Because....we are loosing out to our business rivals

I'll be happy....once we demonstrate integrated working with our co-located partners at the VIP opening

As....**Estates Director**

I want....to put more people into fewer desks

Because....we can no longer afford a 1 person 1 desk policy

I'll be happy....once our workforce demonstrates the benefit of desk sharing at the VIP opening

As....**HR Director**

I want....increased workforce wellbeing

Because....we recognise the upheaval this move will cause

I'll be happy....once our people demonstrate how much they enjoy their new working environment at the VIP opening

As....**Futures Director**

I want....flexibility for a future we can't yet imagine

Because....we must be able to adapt faster than our business rivals

I'll be happy....once we demonstrate how we can rapidly reconfigure our working environment at the VIP opening
