House feature

As….**a parent with a small child**

I want….my child to be safely entertained

Because….she is easily bored and then gets bad tempered

I'll be happy….when she can run around screaming, be entertained by others and not hurt herself

House feature

As….**an elderly relative**

I want….to sit quietly, natter and doze

Because….we don't often get the chance to catch up as a family

I'll be happy….when we can reminisce about the old days over tea and home-made biscuits

As….**a dog lover**

I want….to bring my two big dogs with me

Because….they never leave my side

I'll be happy….when my dogs can run around and get lots of exercise

House feature

As….**a sulky teenager**

I want….lots of things to do

Because….family events are boring

I'll be happy….when I can go home
